Job Posting

(for Assistant Professor)

Affiliation	Laboratory for Materials and Structures, Institute of Innovative Research
Position title	Assistant Professor
Number of Openings	1
Area of Specialization	Development of nanoscale novel semiconductor materials and their nanodevices. Desirable candidates would have following skills and spirits. Person who wants to and is able to develop nanoscale novel electronic materials and their devices.
Job Description	 The successful candidate should have achievements in one of the following research fields related to novel nanoscale semiconductors (inorganic, organic, metallic materials) or nanodevices: materials science, organic synthesis, electronic engineering, solid-state physics, or solid-state chemistry. The successful candidate will be required to conduct the research described in 'Area of Specialization'. The successful candidate will join a research group focused on nanoscale semiconductor materials and their nanodevices. The successful candidate will supervise undergraduate and graduate students for their research. The successful candidate will be required to engage in the education at Graduate Major in Materials Science and Engineering, Department of Materials Science and Engineering, School of Materials and Chemical Technology. The successful candidate will give classes, exercises, and experiments for undergraduate and graduate students.
Qualifications	 Applicants are required to have a Ph.D. or doctoral degree in related fields by the start date. Applicants should have strong will to conduct the research in 'Area of Specialization' The successful applicant will have an outstanding track record about the investigations of nanoscale electronic materials or their devices in the field of materials science, organic synthesis, solid-state electronics, solid-state physics, or solid-state chemistry. The successful candidate must have a strong commitment to excellence in research and teaching. The successful applicants should be able to supervise and teach students in English.

	Candidates must be highly motivated, willing to learn, and demonstrate initiative in assigned tasks.
Location	Suzukakedai Campus Nearest station: Suzukakedai (Tokyu Den-en-toshi Line, DT24)
Working Hours	De facto working hours* under the discretionary labor system for professional work: 7 hours 45 minutes per day (38 hours 45 minutes per week) *Hours considered as working hours
Term	Fixed-term appointments will be for up to 5 years. Reappointment may be possible for one additional term of up to 5 years. The total term is limited to a maximum of 10 years from the original date of employment.
Probationary Period	6 months
Salary	The successful candidate will be paid under the "Annual Salary System with Lump-Sum Retirement Allowance" pursuant to the Institute's Regulations on Wage and Salary for Staff under Annual Salary System with Lump-Sum Retirement Allowance. In accordance with the regulations, the amount of annual salary will be determined based on the standard level for the first fiscal year of employment, and will be based on performance evaluations in subsequent years. A retirement allowance will be paid separately at the time of retirement. • Annual salary examples (The amounts listed below are only examples provided in the regulations and do not relate to this position. Moreover, if the requirements are met, various allowances will be paid separately.) Assistant professor hired immediately after completing a doctoral degree Standard: JPY 5,000,000 Minimum*: JPY 4,800,000 Maximum*: JPY 5,600,000 *The minimum and maximum amounts will vary depending on performance.
Social insurance and	Employee's pension, Mutual Aid Association short-term benefits (health insurance),
other benefits	employment insurance, worker's compensation Insurance.
Employer	President of National University Corporation Tokyo Institute of Technology
Proposed Start Date	September 1st, 2024, or later
Closing Date for Application	Applications must be received by April 1st, 2024
Selection Process	Selection will be based on a comprehensive review of applications and interviews. Selected applicants may be asked to have an interview and/or give a presentation on campus or by online meeting. Please note that travel expenses for attending in-person interviews will not be reimbursed.

	Curriculum vitae (including professional and educational history from high school
	onward, honors and awards, criminal history and disciplinary actions, email
	address, and photograph , Additional information : Researcher ID and the
	registered name in Google Scholar profile). Please use Tokyo Tech format
	downloaded from
	https://www.msl.titech.ac.jp/assets/files/employment/CV_e_Name.docx
	2) Research achievements ((i) a list of peer-reviewed papers, (ii) review papers &
	commentaries, (iii) books, (iv) patents, (v) invited talks & lectures, (vi) social
	activity records including activities in academic societies, and (vii) other remarks.
	All the author names are listed in each article and in the sequence of publication
	from new to old with serial numbers assigned. The name of applicant should be
	marked with an underline. Impact factor and the number of citations given by
Deguired Deguments	Researcher ID are added.
Required Documents	3) PDF files of up to three representative papers.
	4) List of research funding (All the funds are classified by the funding system.
	Name of research funding and organization, title of the research project,
	research period, name of principal investigator, total budget, and budget
	provided for the applicant are listed clearly).
	5) Summary of past research activities (up to A4 two pages).
	6) Future plan of research and education (up to A4 one page).
	7) List of one reference with his/her names, affiliations, positions, telephone
	numbers, and e-mail addresses.
	8) An Excel file downloaded from
	http://www.msl.titech.ac.jp/assets/files/employment/ApplicationForm_e_Name.xlsx
	and fill in the required information. Insert your name into the file name by
	replacing "Name" after the underscore.
	The required documents from #2 to #7 must be converted to PDF files, and
	archived to a ZIP compressed file with the Excel file #8. Other digital formats are
	not accepted. The total size of the ZIP file should be smaller than 20MB. Please
How to Submit an	submit the ZIP file as one file through JREC-IN portal Web
Application	(https://jrecin.jst.go.jp/seek/SeekJorDetail?id=D124021133&ln=1).
/ ipplication	A reply will be sent back to the applicant within three working days after submission.
	If no reply, refer to Prof. Yutaka Majima.
	Applicants are encouraged to communicate with contact Prof. Yutaka Majima in prior
	to application.
Selection committee	Prof. Michikazu Hara
chair	

Contacts	Prof. Yutaka Majima,
	Laboratory for Materials and Structures, Institute of Innovative Research,
