

The 5th International Symposium on Advanced Materials Development and Integration of Novel Structured Metallic and Inorganic Materials (AMDI-5)

Conjunction with 6th IBB Frontier Symposium

Date

November 19, 2014, Wednesday 9:25-17:30
(8:30 Registration Open)

Venue

M&D Tower, Tokyo Medical and Dental University
Lectures: Akio Suzuki Memorial Hall, 2nd Floor
Poster: Faculty Lounge, 26th Floor

**Organized
by**

- Institute for Materials Research (IMR), Tohoku University
- Joining and Welding Research Institute (JWRI), Osaka University
- Materials and Structure Laboratory (MSL), Tokyo Institute of Technology
- EcoTopia Science Institute (ESI), Nagoya University
- Institute for Nanoscience & Nanotechnology (INN), Waseda University
- Institute of Biomaterials and Bioengineering (IBB), Tokyo Medical and Dental University

PROGRAMME

◎ Plenary Lecture

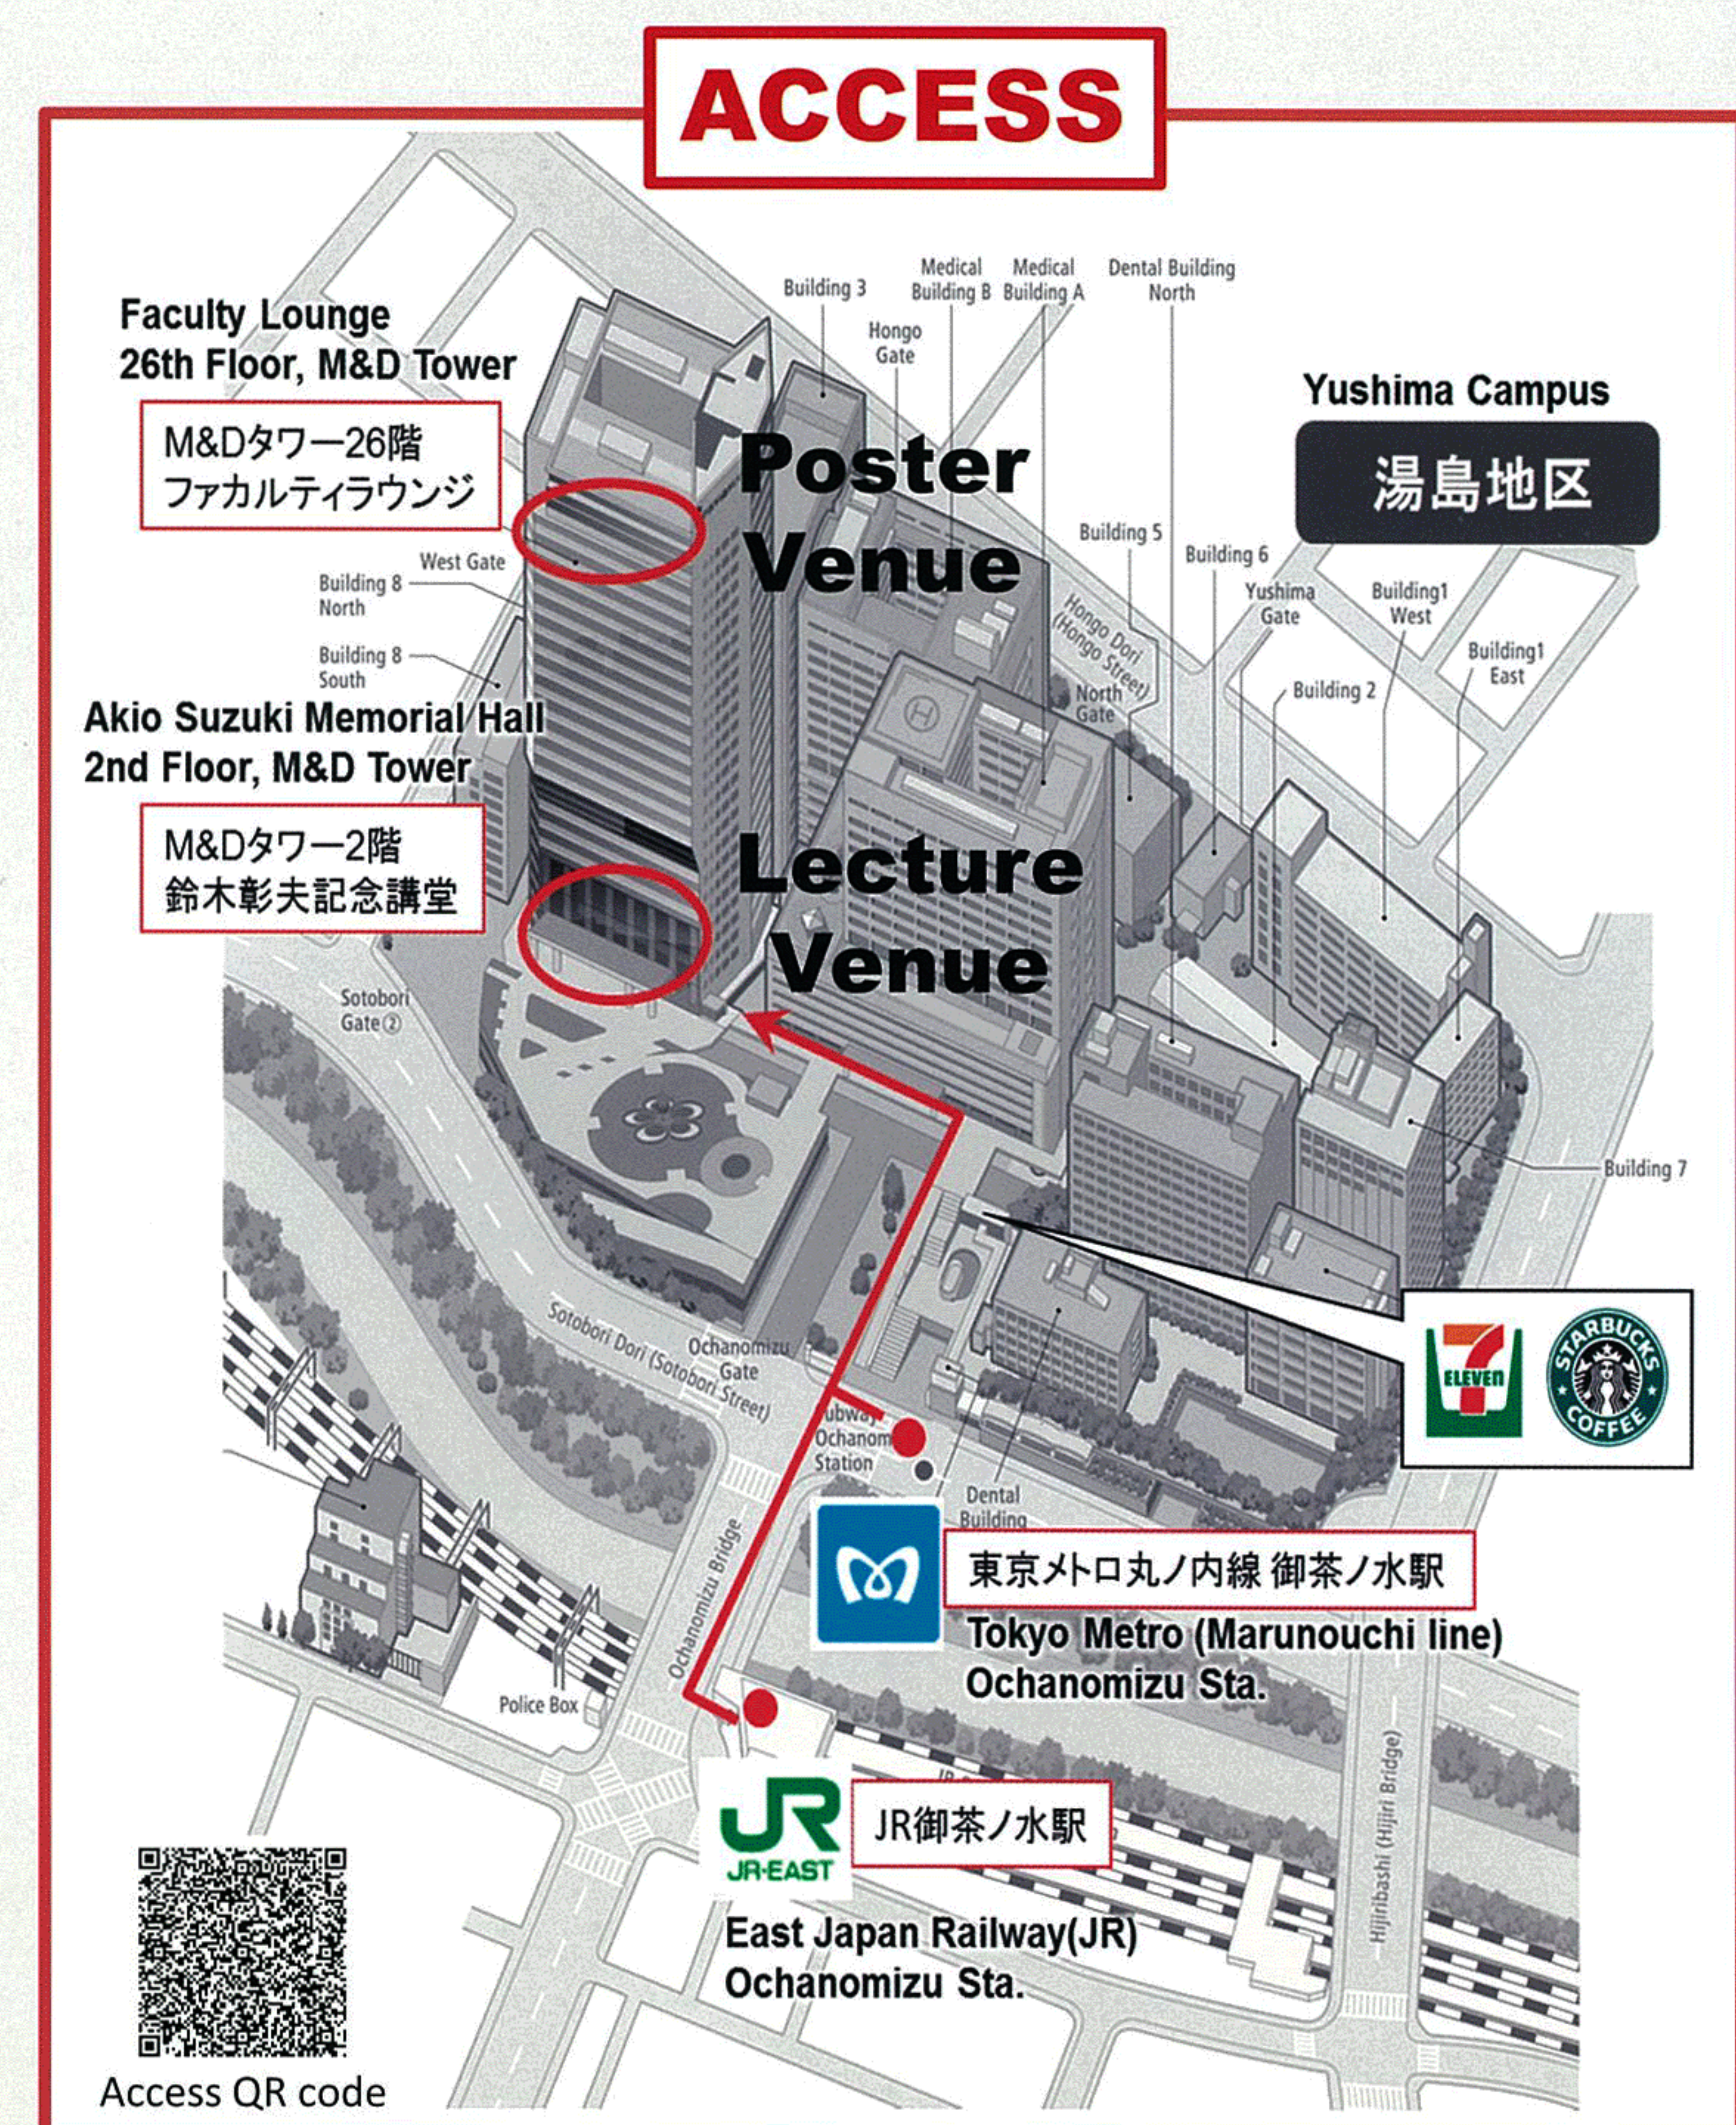

Prof. Kazuhiko Ishihara
(The University of Tokyo)

**Super-engineering Plastics Biomaterials Modified
on the Surface with Bioinspired Polymers**

◎ Invited Lecture

- Akira Matsumoto (IBB, Tokyo Medical and Dental University)
Horacio Cabral (The University of Tokyo)
Suguru Noda (Waseda University)
Donghyun Yoon (Waseda University)
Ryoji Kanno (Tokyo Institute of Technology)
Akon Higuchi (National Central University)
Nobuhiro Takahashi (Tohoku University)
Wei Zhang (Dalian University of Technology)
Michiko Kusunoki (ESI, Nagoya University)
Woosuck Shin (AIST)
Hiroshi Nishikawa (JWRI, Osaka University)
Riccardo Fincato (JWRI, Osaka University)

◎ Banquet 17:30~ Faculty Lounge, M&D Tower 26th Floor

3~minutes walk from JR Ochanomizu Station;
1~minute walk from Tokyo Metro Ochanomizu Station
(Marunouchi line)
